

Your personalized dashboard to explore Harvard events, news, faculty & peers, research funding opportunities, and more. Find new ways to connect, collaborate, and learn.

## PERSONALIZED RECOMMENDATIONS

curated content based on your interests

Link automatically aggregates information from hundreds of sources across Harvard.

Based on your keywords and/or website text, Link finds resources relevant to you.

Content is then recommended to you through your dashboard and the Link Email Digest.

## UPDATE YOUR INFORMATION ON LINK

To start getting recommendations, click the link above or go to [link.harvard.edu/me](https://link.harvard.edu/me)

## STRUCTURED SEARCH

Link aggregates information from specific data types allowing users to specify what category of information they want to explore. Below are example sources that Link automatically aggregates data from.

## SIGN UP FOR LINK DIGEST

Get recommendations directly to your email, every two weeks.

[link.harvard.edu/me](https://link.harvard.edu/me)

## FOLLOW A CHANNEL

Based on keywords curated by experts in the field, channels draw together news, events, and organizations related to important interdisciplinary topics like climate change, and diversity, inclusion, and belonging.
